

NHWBA's Food Drive a Success

For the fourth consecutive year, the New Hampshire Women's Bar Association ("NHWBA") has held a food drive to help stock the New Hampshire Food Bank for the summer months. Many attorneys and their staff from around the state donated food items or made monetary donations. As a result of their generosity, 655 pounds of food were collected and \$2300 was donated to the New Hampshire Food Bank. The staff at the New Hampshire Food Bank was very appreciative because community needs tend to increase during the summer months when families are not able to rely on school lunch programs to provide meals to their children. The NHWBA wishes to recognize the following firms and individuals for their generous donations:
